Friday 19th December 2025

Dear Parents and Carers,

It has been such a busy end to the term but also a real celebration of the children (and staff's) talents! All of the shows have been full of enthusiasm, beautiful singing, humour, great acting and also some really important messages for this time of year.

We treated the children to some festive fun yesterday by greeting them dressed as elves, reindeer and Santa's. It was so lovely to see the children's faces and all the staff enjoyed it as well! Our Christmas lunch was delicious, well done to Mrs Bush and Mrs Davis and thank you to all of the staff that also helped with serving the children, clearing the hall, setting up and to the PTA for providing the Christmas Crackers for all of the children-they loved them!

I did take the liberty of writing to Father Christmas this year to tell him how good all of the children had been and he was so impressed that he took time out of his busy schedule to come and see us this afternoon. He did get our hall a bit muddy as he had parked his reindeer on Flitwick Moor but he brought a present for everyone which was very much appreciated.

I would like to take this opportunity to thank all of the staff, governors and PTA for their hard work, all of you for your continued support and to our amazing children who make everyday such a pleasure.

Wishing you all a peaceful holiday,

Mrs C. Jenkins

Resources Related to Illness Absence

As you will be aware, it is that time of year where we find ourselves in the midst of seasonal illness.

The Department of Education has requested that we share the following links with schools, so that you are aware of the resources available to mitigate illness absence.
[Education Help Blog](#): Reducing the spread of illness this winter: Seven steps to healthier schools and higher school attendance – a helpful blog for parents and staff.

[NHS Guidance for Parents](#): Is my child too ill for school? – a useful resource to help parents decide when children should stay at home.

[Preventing and controlling infections Guidance](#): Includes advice on vaccination, ventilation, and good respiratory hygiene.

[A to Z managing specific infectious diseases](#): Practical guidance on managing specific illnesses.

By following and sharing these resources, settings can support healthier school environments and help maintain high attendance as far as possible throughout the winter months.
