

Friday 22nd September 2023

Dear Parents and Carers,

Rabbits have had their first full week at school and have really started to settle in. Thank you to parents who have helped with this big step by keeping handover smooth by not lingering. This really helps to reduce that emotional farewell so that children can start the day in good spirits!

Our Y1 and Y2 children have had a great time making gingerbread men as part of their once upon a time topic and KS2 have been exploring the function of the skeleton in a fun Science investigation. They used a selection of materials to recreate the protective function of the skeleton for an organ (represented by a chocolate teacake).

Ladybirds and Ducklings are also settling well and I had a lovely afternoon sharing stories with some very confident children this afternoon!

With very best wishes,

Mrs C. Jenkins

Useful Information

Relationships shouldn't hurt.

Central Bedfordshire

The Rebuild Programme is a 12-week group programme looking at healthy relationships.

It's designed for women living with domestic abuse in Central Bedfordshire, and will explore what healthy relationships look like, conflict in relationships, the dynamics of domestic abuse and the impact it has on relationships.

It will also give women the opportunity to have a one-to-one with the programme facilitator towards the end of the programme, and make a plan for their future.

The programme runs from children's centres across Central Bedfordshire.

Rebuild is very gentle, it builds up gradually, first talking about healthy relationships and helps you understand when 'conflict' is actually abuse.
