*I just wanted to send you and all your staff our very best for a good week. I think under extremely difficult circumstances that both you and the school have been outstanding in your approach, communication and the care and support you give to both the children and parents. Both of us as parents cannot speak highly enough of the school and its staff. Please can I also mention Mrs Seber, who is absolutely fantastic both as a person and a teacher.*

*Have a lovely week and thank you from the bottom of our hearts!!!!!!*

*'I'd also like to take this opportunity to thank you and your staff for how brilliantly they are doing with lockdown learning. I'm glad the girls are still coming to school and they are loving learning and although I'm not home schooling what is available for the children and parents online is fantastic. Well done to you and your staff.'*

*'I am writing to praise the incredible work of Mrs Jenkins and her team, over the whole Covid pandemic but in particular over the last week when primary schools were due to return after the Christmas break.*

*The teachers have worked tirelessly to ensure that on-line offerings were available to all - fully working and in place in record speed so that Key worker places could be organised and fulfilled. All at a ferocious pace, given the numerous changes and adaptations to the policy for children returning last week.*

*I myself spoke to Mrs Jenkins and Mrs Peters on numerous occasions last week while organising my children's educations for the coming weeks. Each time they were patient, polite, courteous and professional. Most importantly they were both so calm throughout. I can't imagine the unbelievable amount of pressure that teachers are facing right now and I really feel that Kingsmoor School should be recognised for their hard-work, effort and approach.*

*They have really gone above and beyond, and we as parents are incredibly grateful to have this resource accessible for our children.*

*Once again, thank you Mrs Jenkins and the whole team at Kingsmoor Lower School.'*

*'I just wanted to say a huge thank you from our home, I think this school is absolutely amazing!*

*You have done so fantastic making e-learning possible.*

*I was very worried when we had our schedule through, but it's worked and the children are doing fantastic. I am also learning a lot.*

*Our clap this Thursday will be for our heroes, our teachers and everyone who is working hard behind the scenes to make this work.*

*Thank you again.'*

*'It has been a tough year and a tougher last week but as always you all seem to look like swans swimming smoothly around the whirl pond, and like me I know your all fighting with the current underneath.*

*I am sorry you got my tears the other day, I feel for you as you must have had so many of us parents crying over the phone, I know I have had my clients crying at me often throughout this week.*

*I am just grateful to have a school for my daughter that is showing such love, support and commitment to our children.*

*Again, amazing work and all the hard work has not gone unnoticed.'*
